OUR PROFILE

Universidad Ana G. Méndez- Carolina Campus is a private non-profit institution of higher education and a component of Ana G. Méndez University System. Its main campus is in Carolina and four (4) additional locations in Puerto Rico; these are situated in the towns of Yauco, Cabo Rojo, Barceloneta and Santa Isabel. The Carolina main campus is in the Eastern part of the island. Its 21 acres suburban campus and its modern and spacious buildings provide an ideal atmosphere for the learning experience.

In addition, Carolina campus has a total of four (4) branch campuses in the continental United States and one additional location in the state of Maryland. Three branch campuses are in the state of Florida: (a) Metro Orlando campus in Orlando; (b) South Florida campus in Miami Lakes; and (c) the Tampa Bay campus in Tampa. In January 2012, the Capital Area branch campus located in the state of Maryland initiated its academic offerings. The Off-campus location in Washington D.C. began operations in 2013 with the Culinary Arts program. The Dallas branch campus opened in 2015 in the state of Texas.

As a professionally oriented institution, UAGM- Carolina Campus offers, eleven postsecondary certificate programs, twenty-five associate degrees, over forty-nine (49) baccalaureate programs and around twenty-three master programs, in the areas of business, education, social work, criminal justice and criminology. Founded in 1949, as Puerto Rico Junior College (PRJC), it continued to mature into a four-year institution in 1992 as Colegio Universitario del Este (CUE), then evolving into a university in 2001 as Universidad del Este, now in 2019 we are Universidad Ana G. Méndez - Carolina Campus.

Student population consists mostly of commuting young adults from the surrounding communities. The overall enrollment at UAGM- Carolina Campus is 10,868, comprised of certificates, undergraduate and graduate students. Master's degree programs were initiated in October 2001 at UAGM- Carolina Campus and in 2005 at the additional locations. The academic faculty consists of 163 full time professors and over six hundred part-time professors. Forty-nine per cent of the full-time faculty has doctorates while the rest of the faculty possesses master's degrees in their fields of expertise.

HISTORY OF UNIVERSIDAD ANA G. MÉNDEZ

During the 1940's, three distinguished educators, Dr. Ana G. Méndez, Dr. Florencio Pagán Cruz, and Mr. Alfredo Muñiz Souffront, recognized the need for new developments in the field of education that would keep pace with the social and economic advances that were taking place in Puerto Rico at that time. With this in mind, in 1947 they began to lay the groundwork for establishing a modern institution of higher learning. In 1949, Puerto Rico Junior College was founded, and incorporated according to Puerto Rican laws on June 30, 1950. The Puerto Rico Council of Higher Education licensed the Institution on June 27, 1957, which was followed by the Middle States Association of Colleges and

Secondary Schools accreditation on May 1, 1959. It has been subsequently reaccredited since 1959 until the present. In 1992, the institution changed its name to Colegio Universitario del Este to incorporate baccalaureate degrees. In 2001 Universidad del Este completed its transformation and evolution, as well as its new name, from a junior college to a college to a university by initiating its first master's degree programs. Until December 2018, Ana G. Méndez University System operates four institutions called: Universidad del Turabo, Universidad Metropolitana, Universidad del Este, and Universidad Ana G. Méndez.

Presently, effective in January 2019, Ana G. Méndez University System made a change of name to Universidad Ana G. Méndez with four main campuses, Universidad Ana G. Méndez- Carolina Campus, Universidad Ana G. Méndez- Gurabo Campus, Universidad Ana G. Méndez- Cupey Campus, and Universidad Ana G. Méndez- Online Campus.

Universidad Ana G. Méndez- Carolina Campus is a non-sectarian, non-profit, independent, educational institution that serves the people of the Commonwealth of Puerto Rico, the states of Florida, Maryland, and Texas. Additionally, through its collaborative agreements the institution contributes to the international communities in general. The Chancellor and the staff direct the administrative activities of the Institution with two governing bodies: the Administrative Council and the Academic Board. The Student Council, elected by a governing assembly made up of student delegates, also contributes to the student representation in these administrative governing bodies.

UAGM- Carolina Campus fosters both the creative activity and educational, scientific, and social research to; promote continuous institutional progress, contribute to the advancement of knowledge, and better serve the community at large. In the academic area, UAGM- Carolina Campus offers technical-professional certificate programs, associate, baccalaureate and masters in various disciplines such as criminal justice, social work, health sciences, science and technology, hospitality management, culinary arts, education, and business administration. The academic programs offered by the Institution are classified under three categories: occupational and professional programs, transfer programs, and community service programs. One of the main goals of UAGM- Carolina Campus is to educate and develop in its students professional and academic skills that will allow them to perform efficiently in jobs, and that will permit them to achieve advanced academic levels. Guided by this goal, the Institution has designed a diversified and flexible program of studies to prepare each student into a capable professional in his/her specialty.

UAGM- Carolina Campus is a teaching institution; therefore, it provides its faculty with professional development opportunities in their teaching specialties; it offers teaching support services within its student holistic development framework, and it provides the means and an appropriate environment through which the teaching-learning process occurs. The principal function of the faculty, according to UAGM- Carolina Campus's philosophy, is to provide responsible and innovative teaching. Faculty enjoys complete academic freedom and participates actively in academic advising processes. Faculty's professional activities on and off campus should follow UAGM- Carolina Campus's basic tenets. UAGM-

Carolina Campus expects to reach academic excellence by means of a well-trained faculty, academic programs sensitive to the needs of students and the job market in adequate and well equipped physical facilities.

VISION AND MISSION STATEMENT OF UNIVERSIDAD ANA G. MÉNDEZ

Vision

To be recognized as a university of outstanding academic excellence in Puerto Rico and worldwide.

Mission Statement *

Universidad Ana G. Méndez is a private non-sectarian, non-profit, accredited higher education institution, part of Ana G. Méndez University System. Its academic efforts and services are to promote the constructivist learning, respect for diversity, and social justice.

Its mission is to promote the integral development of individuals, to become responsible, solidary citizens, able to contribute to the sustainable development of the environment through a socio humanistic education of excellence; valuing research, internationalization, entrepreneurship, technology, culture, and community engagement. All its resources support the academic offerings of certificates, associates, baccalaureates, graduate studies, and continuing education programs.

Guiding Principles

The principles, which guide the Institution, are excellence, innovation, justice, respect, freedom of thought and action, solidarity, equity, integrity, and social responsibility.

Goals *

To fulfill its mission, Universidad Ana G. Méndez-Carolina Campus proposes to:

1. Provide an education of excellence, through the development of cognitive, affective, and psychomotor competencies in students that will enable them to make positive contributions to the social, economic, and political setting at local and global levels.
2. Offer traditional and nontraditional academic programs, within the constructivist dimension of learning, that meet the interests and needs of a society oriented toward service, technology, internationalization, and research.
3. Attain a faculty that meets the highest standards of excellence and that promotes its commitment to teaching, research, the use of technology and community service.
4. Promote a culture of service within the academic community with equal opportunities, based on human rights and the fulfillment of social responsibility.
5. Advocate in students the socio-humanistic and the integral formation, as well as entrepreneurship, innovation, technological skills, and global vision.
6. Encourage research and creative work in the disciplines to contribute to the cultural, social, political, economic, and technical-scientific development of our society.
7. Position the university in the international scenario by means of diverse activities, collaborative projects and exchange programs for both faculty and students.

8. Promote a culture of quality and effectiveness through institutional and specialized accreditations of academic programs, consolidation of assessment measurements, and the integration of assessment findings to planning and resources allocation processes.

POLICY STATEMENT

This catalog contains the major points of the current agreement between the students and the Institution. Within this agreement, the institution reserves the right to make changes in course offerings, curricula, and other policies affecting its programs.

Due to the changing nature of professions, the institution is continuously reviewing and restructuring many of its academic programs in an effort to enhance their quality, improve efficiency, or to comply with requirements of professional boards, accrediting agencies, and governmental laws and regulations, among others. In that process, some of the programs and courses mentioned in this catalogue may be modified, consolidated with other programs or courses, or eliminated. When the curriculum of any one program is revised, the institution will automatically initiate the transfer process of every student enrolled in said program to the revised curriculum but without increasing, the number of credits required of the student to finish the program.

If you have questions about a program or course, you should contact the appropriate university school or department. In case that a program is eliminated, the program director will prepare a course schedule to assure the graduation of those students enrolled in the program within applicable institutional regulations.

NON-PROFIT STATUS

Universidad Ana G. Méndez- Carolina Campus is a private, secular, non-partisan educational institution and a member of the non-profit Ana G. Méndez University System, which operates university level institutions.

NON-DISCRIMINATION STATEMENT

Universidad Ana G. Méndez- Carolina Campus does not discriminate based on race, handicap, national or ethnic origin, creed, color, sex, social condition or political, religious, social or trade union beliefs.

PROGRAMS AND CURRICULUM

Our admissions policy requires that the student have finish high school or have approved an Equivalency Exam from the Department of Education of Puerto Rico or its equivalence. As a way of helping the students to overcome any cognitive difficulty and adaptation to university life, UAGM-Carolina Campus offers special academic courses; tutorial as well as mentoring programs in order to improve his success in his studies. The academic programs at Universidad Ana G. Méndez-Carolina Campus are conducive to obtaining a certificate, associate, bachelor, or master degrees. The Certificate program allows the student to continue toward an associate or baccalaureate degree after the student graduates from this level.

The certificate, associate, baccalaureate, and master's degree programs are geared toward a profession and to prepare the graduate to enter the employment market immediately. The curricula include courses in general education, core/professional courses, and major courses but emphasis is also given to the technical and occupational courses. The continuing education programs are offered in accordance with the needs of public and private agencies, mainly in skilled areas where employees need to be re-skilled or retrained for a specific job.

COMMUNITY RELATIONS

UAGM-Carolina Campus mission as a learning community is assisted through the relations developed with the community. Among the relations developed with the community are active participation on special projects through professional organizations, the educational consortia's, clinical affiliations, and advisory boards. Universidad Ana G. Méndez-Carolina Campus participates in these consortia as part of the Sistema Universitario Ana G. Méndez as well as its own self standing partnerships and agreements.

ADMISSIONS

The admission/registration procedures are essential steps for establishing a relationship between the student and the institution. However, the payment of the appropriate fees formalizes this relationship semester-by-semester or session by session. These requirements must be fulfilled in order for a student to be considered in good standing with the institution.

General Admission Requirements

The following are the general admission requirements:

- Graduation from a license or accredited secondary school or its equivalent.
- An Official Transcript of credits of the school he/she attended or an official document of an institution or agency recognized by the U.S. Department of Education that certifies the equivalency of a high school degree.

- Health vaccination certification for applicants younger than twenty-one (21) years.
- Non-refundable application fee (\$15.00).

Eligibility Procedures

A grade point average of 2.00 for most Certificate programs is required.

Admissions Procedures

- Submit an application for admission.
- Submit an official high school transcript or its equivalent. If the applicant is not a high school graduate, he should submit evidence that he is taking the last credits to complete his requirements.
- Enclose the non-refundable application fee (\$15.00).
- Submit College Entrance Examination Board results if applicant is under the age of 23 years old.
- Applicants for the Nursing or other related health programs are also required to submit a Health Certificate.
- Meet all admissions requirements by the date scheduled in the Institution's calendar.
- Candidates for admission may be interviewed by representatives of the School.
- Students holding degrees from other accredited higher learning institutions that wish to pursue studies must meet the admissions requirements set forth by the Institution.
- The Institution may invalidate the student's admission and registration if not all the required documentation is submitted within **45 days** after classes have initiated.
- **Veterans and beneficiaries** should submit all admissions requirements before the first day of classes and **not within the 45 days** after the beginning of classes.

Readmitted Students

An applicant for readmission is a student who has interrupted his studies for one academic year (summer sessions will not be considered) and wishes to continue studying. The student must meet the academic requirements established in the Institution.

Requirements for Readmission

- The applicant must have a grade point average equivalent to the retention index.
- The applicant must have complied with the suspension period for academic index or for disciplinary reasons.
- The applicant may be required to attend an interview with representatives of the School or a guidance counselor.

- The applicant must comply with all requirements of the selected program.
- Compliance with all Universidad Ana G. Méndez – Carolina Campus by-laws, rules and regulations.

Procedure for readmissions

- Submit an application for readmission.
- Enclose a non-refundable \$15.00 readmission fee.

Transfer Students

A transfer student is an active or former student of an accredited, post-secondary institution. At the postsecondary level, the passing grade of "C" or more will be considered for validation at the institution. A maximum of twelve (12) credits in total will be accepted as transfer credits.

Requirements for Transfer

- Passing grades in at least twelve credits from an accredited post-secondary institution.
- Cumulative grade point average equivalent to the retention index.
- A letter of recommendation from the Dean of Student Affairs of the last institution where the applicant studied.
- Comply with the admission requirements for transfer as established by his/her program of choice.
- Compliance with all Universidad Ana G. Méndez-Carolina Campus by-laws, rules and regulations.
- Students using Veteran's benefits should submit transcripts from previous trainings taken. No veteran will be certified until this requirement has been met.

Procedures for Transfer

- Submit an application for transfer.
- Enclose payment of a transfer fee of \$15.00. This is non-refundable.
- Submit an official transcription from the institution the student is transferring from.
- The applicant may be required to: Submit a copy of the catalog of the institution where the student attended if the applicant studied outside of Puerto Rico.

Special Students

Students with an academic degree who wish to take courses to fulfill a professional requirement or complete a certificate program may apply as a Special Student.

Requirements for Special Students

- Fill out a Special Student application form.
- Enclose payment of an application fee of \$15.00. This fee is non-refundable.
- Applicants with a college degree must submit a copy of the degree or an official permit authorizing them to enroll.

International Students

The applicant may be required to attend an interview with representatives of the School.

Requirements

- The international student applying for admission, readmission or transfer must meet with the requirements of the program.
- The international student must complete Form I-20 and meet with the Designated School Official (DSO) of the Institution.
- Present a sworn statement certifying financial capability to disburse for his studies.
- The admission of international students is subject to immigration laws.

Procedure for International Students

- International students applying for admission must meet the requirements set forth by the Institution in the general admissions.

RULES AND REGULATIONS FOR ADMISSION AND REGISTRATION

Students should familiarize themselves with all rules, norms and regulations of the Institution through the *Student Handbook*, *Student Regulation*, and the *Academic Norms and Administrative Procedures Handbook* that are located at the institution's the website: <http://une.suagm.edu/>

The Institution reserves the right to enforce the observance of those rules, norms and regulations that safeguard the ideals and standards for which it stands, and may ask a student to withdraw if he/she does not comply with these rules or refuses to cooperate with a working member of the Institution. The decision reached by the administration in such cases is final.

All students should examine regularly the bulletin boards in the different buildings of the Institution to be informed of official announcements.

REGISTRATION AND OTHER RELATED PROCEDURES

The Office of the Vice Chancellor of Student Affairs determines the registration procedure, and no program of study is valid without the approval of this administrative officer. The Office of the Registrar in coordination with the Office of the Vice Chancellor of Enrollment Management is responsible for the registration process.

The Registrar's Office is responsible for the maintenance of all official academic student records and for issuing transcripts, certifications, registration and graduation certificates, as well as submitting or mailing the grade reports to students.

Candidates for admission, readmission, or transfer and special students may not register until each has received an official and final statement of acceptance from the Office of Admissions. Accompanying this statement, the student will receive a registration schedule with the date and hour assigned to them. This registration schedule should be presented at the registration desk.

The Institution does not necessarily guarantee the class program of study chosen by the student during the early registration period if the course does not attain the minimum of students per section. The Institution does not guarantee the program chosen if the student does not observe the scheduled date and hour for registration. After this period, the Institution may use such offerings for other students, especially in the period scheduled for changes in class programs.

Changes in class programs will only be allowed with the written recommendation of the student coordinators, deans, or other academic representatives. The academic representatives approve the changes in class programs based on the existing requirements. The Registrar's Office will determine if there is space in the requested sections.

Each student is responsible for having met prerequisites prior to registration in a particular continuation course.

PRE-REGISTRATION

Pre-registration is the process by which the active student has the opportunity to select the courses for which he will officially register during the registration process.

LATE REGISTRATION

Late registration will be held after official classes begin, in the period determined for late registration. Students who did not attend early registration or who failed to attend registration on the date assigned may register during the late registration period, provided there is space in the sections they select. No student will be able to register after the period determined for late registration.

After the period allowed for registration, all courses will become a permanent part of the student's record. Students may ask the Registrar to cancel their registration by filling the appropriate cancellation request forms and submitting them to the Office of the Registrar or the Office of the Vice Chancellor of Student Affairs before the end of the late registration period. A student who does not attend classes and does not follow the corresponding procedures for cancellation of their classes will be penalized by receiving **(WF)** in his permanent record at the Institution.

REALLOCATION OF STUDENTS

At the end of the registration period, the Registrar may reallocate students where elimination and rescheduling of courses has taken place. Such changes should take place on the dates designated for this purpose in the Academic Calendar.

REGISTRATION VALIDITY

Registration is not complete until the student has paid all fees required by the Office of the Treasurer; the official stamps of the Registrar and the Office of the Treasurer have been stamped on his registration class schedule; and he has signed a statement consenting to follow and observe the rules, norms, and regulations of the Institution.

OFFICIAL ADMISSION TO CLASSES

At the beginning of the semester or part-of-term each student should present his official registration class schedule to each of his professors. This class schedule should be stamped with the official seals of the Office of the Registrar and of the Office of the Treasurer. The absence of any one of these seals or unofficial changes in the class schedule will invalidate it. The student may present a printed copy of his program with official digital seals representing these two offices mentioned above.

Students should attend classes and/or sections where they enrolled and professors should admit to their classes only those students that have officially registered in the appropriate courses and sections. The Registrar's Office is not responsible for recording grades of students who attended classes and/or sections in which they were not officially registered.

CORRECTIONS OR CHANGES IN NAMES AND ADDRESSES

Students with address changes should notify the Registrar's Office. This office will provide them with the appropriate forms to fill out.

The same procedure should be followed for corrections to be made for the change of name. For changes of name, the student must submit a petition legally signed and with a certified affidavit.

CLASSIFICATIONS OF STUDENTS

Students are classified by credit hours enrolled:

1. Full-time Students-those who have fulfilled the admission requirements of the Institution and are carrying twelve or more credit hours per semester in a program leading to a degree, diploma or certificate.
2. Part-time Students-those who have fulfilled the admission requirements of the Institution and are carrying less than twelve credit hours per semester in a program leading to a degree, diploma or certificate.

RE-CLASSIFICATION OF STUDENTS

- If a student wants to enroll in a different academic program, the student must request approval from the Dean of the School. Even though only attempted and earned credits from the student's current program of enrollment are included in the quantitative measure and only the grades for courses from the student's current program of enrollment are included in the qualitative measure, students are encouraged to carefully consider program changes because federal regulations limit total lifetime financial aid eligibility.
- Students who discontinue their studies and subsequently apply for readmission will be readmitted under the current SAP policy and will have the same SAP status that resulted as of the end of the last term attended. Students applying for readmission must fill and submit the admission application and pay the non-refundable fee. Admission Office will evaluate the student by SAP. If the student does not meet SAP, the University will determine if he/she may be readmitted, provided an appeal has been approved.
- Students requesting admission into a new academic program after having completed his/her prior program of study will have to fill and submit the admission application and begin the new program with a new SAP history, unless the student transfers credits into the new academic program in which case those transfer credits will be considered when measuring SAP.

OTHER PROVISIONS: CREDIT HOUR POLICY DEFINITION

The U.S. Department of Education defines "credit hour" as: "...An amount of work representing intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximates not less than:

1. One hour of classroom of direct faculty instruction and a minimum of two hours of out-of-class student work for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time; or,
2. At least an equivalent amount of work as required in paragraph (1) of this definition for other academic activities as established by the institution, including laboratory work, internships, practicum, studio work, and other academic work leading to the award of credit hours."

ACADEMIC LOAD, CLASSROOM CENSUS, AND WITHDRAWS

Special Conditions and Regulations for academic load

- Students who have registered in the maximum permitted academic load (18) and need three more credits to complete the graduation requirements in the same semester will be

allowed to take three additional credits with the written authorization of the appropriate Dean or Associate Dean of the School or Program Director/Coordinator.

- No student will have an academic load greater than 21 credits. The maximum academic load in the summer will be twelve to fifteen (12-15) credits. An academic load of (18) credits will be permitted to students who are candidates for graduation in the summer and have the written authorization of the appropriate Dean or Associate Dean of the School or Program Director/Coordinator.
- All students will be given a reasonable time in which to graduate or complete their program requirements.

Classroom Census

- The Institution is not required by any state or regional accrediting agency to take attendance. Nevertheless, a census is made during the first weeks of each semester to determine whether the student attended at least once during the period of enrollment. This census is made for reporting requirements only.
- Professors may take into consideration the student's attendance when grading and should explain the possible impact of absences on the student's final grade, if any. The student is also responsible for all material covered during the course, even if he misses classes during the semester. Thus, attendance is strongly recommended to better retain the student and facilitate achievement of his/her academic goals.
- If a student enrolled in a course never attends each class, the professor will identify him as a non-attending student (N/A). The Registrar's Office, then, will adjudicate a withdrawal for non-attendance (WN). Adjustments in, Financial Assistance benefits or total cancellation of Financial Aid and the payment of the total cost of enrollment, as pertinent, will also take effect. Students must visit the Financial Aid Office for information regarding the % of the payment required by the student.
- **Veterans and beneficiaries will have their educational benefits terminated when a Leave of Absence is granted. Once the veteran's returns to classes, the benefits will be reinstated.**

Withdrawals

- If a student withdraws from a course, the credits for the course count toward the determination of credit hours attempted but will not be considered in the cumulative GPA.
- Total or partial withdrawals are allowed during a regular semester, part-of-term, or summer session as specified in the academic calendar.
- Any student who is officially registered, and completes the required procedure for withdrawal, will receive a withdrawal **(W)** grade.
- Any student, who fails to complete the required procedure for dropping a course before the stipulated date and whose absences exceed the maximum allowed, will receive a withdrawal failure **(WF)**.

- Total withdrawal is allowed at any moment before the date stipulated in the academic calendar of the semester, part-of-term, or summer session.
- Total withdrawal may be considered in the case of a registered student who drops 75% or more of his total course load. This does not include the two summer sessions.
- The deadline for voluntary total withdrawals will be included in the semester or part-of-term academic calendar of classes in the semester or summer session, before the final examinations begin.
- The institution reserves the right to require a student to withdraw from any course or from the Institution, temporarily, for any of the following reasons:
 - a. Possibility of hazard to the health of the student or that of other students, if enrollment were continued.
 - b. Refusal to obey regulations or serious misconduct on the part of the student.
 - c. Deficient academic work (below required scholastic standards).
 - d. Students who withdraw from the Institution or finish their studies without settling their financial obligations forfeit their right to receive grades, transcripts or diplomas.

EVALUATION OF STUDENT'S ACADEMIC ACHIEVEMENT

Student Evaluation Procedures

- Professors are required to provide a minimum of three partial grades and one final evaluation activity with the value of a partial grade, during every given semester or part-of-term. These partial grades may consist of tests, presentations, case reports or any other kind of evaluation activity chosen by the professor.
- Professors may grant an opportunity to make up a test or quiz, which had been previously announced, to any student with a valid excuse.
- Students must complete all work required for a partial grade before the end of the semester; otherwise, he will receive a zero **(0)** for that particular assignment.
- It is the student's responsibility to clarify any questions about partial grades before the date scheduled for the final evaluation activity of the course.
- Students should complete the Institutional Assessment instruments administered in each course at the end of each semester.

Grading System

For computing the student's average, the number value of the grades in the courses will be:

A	90 – 100	-	4	excellent
B	80 – 89	-	3	good

C	70 – 79	-	2	satisfactory
D	60 – 69	-	1	deficient
F	0– 59	-	0	failure (no grade credit)

The following system of letters will apply in special cases; they will not be considered for student’s average, except for the WF.

W	Official withdrawal
WN	Non-attendance-enrolled but did not attend class
WF	Student deserted the classroom and has not submitted an official withdrawal
WA	Administrative withdrawal. Processed by the Vice Chancellor of Student Affairs
P	Pass
IP	In progress
NR	Not reported
NP	Non-passed, failure
T	Transfer course
AU	Audit course
IB, IC, ID	Incomplete work. Student absent from final examination or failed to complete and turn in final work assignment. Incomplete with a passing letter grade will be assigned if the student has complied with all partial requirements of the course.
* __	Repeated course

Incompletes

A student will receive a provisional grade of Incomplete (I) in the following instances:

- If his absence from a final examination can be justified
- If the student has complied with all partial requirements of the course during the semester or part-of-term.

In order to remove an Incomplete, the student should take the corresponding final examination or work requirement within the first 30 days of the subsequent semester or summer session. Those students receiving Incomplete in prerequisite courses during the summer session must take the final examination or work requirement within the first fifteen days of the following summer session.

The professor has the responsibility of removing all Incompletes. The Dean or Associate Dean of the School or the Director or Coordinator of Academic Affairs of the Off-Campus University Center, if the professor is not available, will make the corresponding changes in the official course grade register at the Registrar's Office.

In the case of students not complying with these established rules, the professor will assign a "0" in the corresponding work missed by the student, and will report the final grade to the Registrar after calculating the corresponding grades.

Grade Point Average

The grade point average is obtained by dividing the total number of honor points by the total number of credit hours in which the student has received a final grade, even those where an F or WF is final. The credits taken at UAGM will be the only ones used to compute the student's grade point average.

Grade Reports

Once assigned by the professor, the grades are final, unchangeable within the context of the institution's academic discretion, and certified by the Registrar's Office.

Reports of the grades will be available to each student from the Registrar's Office at the end of each academic term and at the end of the Second Summer Session through *MiUAGM*, students on line services.

Students' Records

The Office of the Registrar has custody of all students' academic records. These are confidential.

Transcripts

Official transcripts, which bear the seal of the Institution, will not be given to students or alumni, but sent directly to institutions specified by the students in their official requests to the Registrar's Office.

Requests for transcripts of credits should be made fifteen working days in advance. In those cases where a student is in debt with the Institution, the Registrar will not certify the courses approved until the student has satisfied his debt.

Any claim concerning a transcript request should be presented at the Registrar's Office no later than 90 days after making the request.

STANDARDS FOR SATISFACTORY ACADEMIC PROGRESS (SAP)

Satisfactory Academic Progress (SAP) measures the academic progress of the student towards the attainment of an academic credential. Federal regulations require that all students

who receive Title IV funds as part of their financial aid package maintain SAP. The SAP policy applies to all students within categories, e.g., full-time, part-time, undergraduate, and graduate students.

The evaluation criteria for SAP include a qualitative and quantitative component.

The qualitative measure is based on the cumulative grade point average (GPA). The quantitative measure is based on the number of credit hours the student attempts and earns. This calculation is completed by dividing the cumulative number of credit hours a student successfully earns by the total number of credit hours the student attempts over the student's academic career in a particular program at the Institution. Students are also expected to complete their program within 150 percent (%) of the length of the program as measured in credits.

Maintaining Satisfactory Academic Progress

The academic progress of students enrolled in associates, bachelors and master's degree programs will be assessed at the end of every two (2) semesters. The academic progress of students enrolled in technical and postgraduate certificate programs will be assessed at the end of each semester. The Registrar's Office will notify students in writing, through e-mail, of their academic status.

Students are prohibited from receiving federal student financial aid after attempting 150% of the number of credits required for their academic program. This calculation includes all attempted credits, including transfer credits, related to the student's academic program.

To maintain good standing, students must comply with the following:

Qualitative component

The Institution establishes specific minimum GPA requirements by program level (i.e., certificate, associate, bachelor and master). The minimum GPA increases as credits attempted increase. Students enrolled in a program of more than two academic years must have a GPA consistent with the Institution's graduation requirements at the end of the student's second academic year. The Institution considers that a student is at the end of her/his second academic year when he/she has earned 48 credits.

Quantitative component

- The Institution uses a graduated completion percentage by program level. The student must earn the minimum percentage of attempted credits depending on the program level and academic year in which the student is enrolled.
- All credits attempted and earned, including transfer credits that count towards the program of study of the student, are considered in the calculation.

- The student must complete the program within 150% of the length of the program of study to be eligible for Title IV funds. For example, students in a bachelor's degree program must complete 120 credits and may attempt up to 180 credits ($150\% \times 120 = 60$; $60 + 120 = 180$).

Refer to Satisfactory Academic Progress Table, for the qualitative and quantitative components per program level.

If a student wants to enroll in a different academic program, the student must request approval from the Dean of the School. Even though only attempted and earned credits from the student's current program of enrollment are included in the quantitative measure and only the grades for courses from the student's current program of enrollment are included in the qualitative measure, students are encouraged to carefully consider program changes because federal regulations limit total lifetime financial aid eligibility.

Students who discontinue their studies and subsequently apply for readmission will be readmitted under the current SAP policy and will have the same SAP status that resulted as of the end of the last term attended. Students applying for readmission will be referred by the Office of Admissions to the School for evaluation. If the student does not meet SAP, the University will determine if he/she may be readmitted, provided an appeal has been approved.

Students requesting admission into a new academic program after having completed his/her prior program of study will begin the new program with a new SAP history, unless the student transfers credits into the new academic program in which case those transfer credits will be considered when measuring SAP.

Impact of Course Repetitions, Withdrawals, Incompletes and Transfers on Satisfactory Academic Progress

- **Course Repetitions** - Federal regulations limit repetition of courses that can be paid with Title IV financial aid funds. Please check with the Financial Aid Office if you are not sure whether a course can be repeated with financial aid. If a student repeats a course, only the highest grade earned will be included in the student's cumulative GPA. However, each attempt at the course will count as credits attempted.
- **Withdrawals** - If a student withdraws from a course, the credits for the course count toward the determination of credit hours attempted but will not be considered in the cumulative GPA.
- **Incomplete Courses** - If a student has an incomplete in a course, the credits for the course count towards the determination of credit hours attempted. The course will not be considered in the cumulative GPA until a grade is assigned.
- **Transfer Credits** - If a student transfers in credits from another institution, the accepted credits for the courses count toward the determination of credit hours attempted and earned, but will not be considered in the cumulative GPA. Only those transfer credits that

apply to the student's program of enrollment at the Institution will count as credits attempted and earned. Refer to the Institution's catalog for requirements on accepted transfer credits from another institution.

Financial Aid Warning and Failure to Meet Satisfactory Academic Progress

Students enrolled in technical and postgraduate certificate programs, for which SAP is evaluated at the end of each semester, will be placed on financial aid warning status for the next semester attended because of not making satisfactory progress. The Institution uses this status without appeal or any other action by the student. The Registrar's Office will notify the student in writing, through e-mail, of the financial aid warning status and that financial aid eligibility is retained during this period.

The student must meet SAP as of the next evaluation point (by the end of the next semester attended) to receive financial aid in future terms. Students who did not meet SAP as of the next evaluation point become ineligible for federal financial aid funds and may continue their studies at the Institution at their own cost. If the student believes there are extenuating circumstances associated with the student's inability to meet SAP, he/she may appeal his/her termination status to the Appeals Committee. See section titled Financial Aid Ineligibility and Appeal Procedures <http://www.suagm.edu/une/srtk/pdf/SAP.pdf>

An example representing a certificate program is presented below:

Certificate Program
(36 credits)

Attempted Credits	% Credits Required	Retention Rate
1 - 15	55%	1.65
16-30	60%	1.75
31-45	64%	1.90
46+	67%	2.00

Veterans and their beneficiaries: Required Credits and Retention Index per Program

Veterans and their beneficiaries must complete their program of studies within the time established by their curriculum **(100%)**. Students who extend their studies **beyond the time (150%)** established by the program cannot continue to receive Veteran's benefits. They need to maintain a retention index of 2.00 when the 100% of the program is completed. The veterans and their beneficiaries should follow the program sequence which is distributed by academic year. If the student is a recipient of the Pell Grant, he may resort to the 150% additional time,

established by the Standard for Satisfactory Academic Progress of the Institution. Veterans should be evaluated utilizing both Veteran's Benefits and Pell Grant criteria, if they are beneficiaries of these.

GRADUATION REQUIREMENTS

The student usually graduates from the Universidad Ana G. Méndez-Carolina Campus-under the program requirements prevailing at the time of his admission to the Institution; however, the Institution reserves the right to make revisions in the different programs and in the requirements for the degree. Students who do not complete their studies during the time required by their respective programs (program sequence), as well as those who apply for readmission after a period of absence from the Institution, are governed by the rules that apply or are in effect when the student completes his evaluation for graduation. Nevertheless, the student should visit his academic advisor, academic guidance counselor, the School or Off-campus site Coordinator of Student Services for a progress evaluation of his academic program yearly. To receive a degree from the Universidad Ana G. Méndez, candidates must meet the following requirements:

- They must have taken the courses required in one of the programs offered by the Institution. Candidates for a certificate must pass the required number of courses in a diversified program of general and professional studies.
- They must have satisfactorily completed the prescribed number of credits with a grade point average of 2.00 (C) or higher or as required in their program of studies. Students receiving certificate program degrees with a grade point average ranging from 3.75 to 3.89 will graduate with honors, and those with a grade point average ranging from 3.90 to 4.00 will graduate with high honors.
- They must fill out an application for graduation at the Registrar's Office at the time they enroll for the last semester or summer session.
- They must have satisfied all financial obligations to the Institution. All candidates for graduation will be invited to attend Commencement Exercises. Commencement Exercises will be celebrated once during the academic year, at the end of the second semester. Those students who meet the requirements for a certificate at the end of the first or second summer session or at the end of the first semester (August-December) should apply to the Registrar's Office for a certified statement showing that they have completed the requirements of their respective programs of study.

Honor Awards

Students are eligible for the following honor designations according to their cumulative grade point average:

Certificates

Honor	Average of 3.75 to 3.89
High Honor	Average of 3.90 to 4.00

Important Note:

Students should familiarize themselves with all rules, norms and regulations of the Institution through the Student Handbook, Student Regulations, and the Academic Norms and Administrative Procedures Handbook, which are available upon request at the Office of the Vice Chancellor of Student Affairs and at the web site: <http://une.suagm.edu/>. These documents provide the information and updates as to program requirements, academic policy changes, as well as other academic and administrative changes that may take place during your years of study at the Institution.

OFFICE OF THE VICE CHANCELLOR OF STUDENT AFFAIRS

The Vice Chancellor of Student Affairs is the person responsible for planning, coordinating, developing, and maintaining the system of services, which the institution offers its student body. These services respond to the academic, vocational, social and human resource needs of students and are offered by well-prepared, responsible, and committed professionals. The following offices provide student services:

The Office of Marketing and Recruitment recruit's new students, transfers and readmissions. It disseminates information on UAGM-Carolina Campus academic offerings, strengths and services through various promotion and recruitment activities. It coordinates and offers orientation activities to recruit students for certificate, undergraduate, and graduate programs by means of integrated campaigns. The Office develops year-round activities of recruitment with key personnel of the schools.

The Office of Admission processes admission requests and admits students within the parameters established by each school. It also analyzes documentation and maintains communication with the student on the status of his/her request for admission. The Office coordinates the process and admission of prospective students for the different schools.

The Office of the Registrar, in addition to handling student registration each term, provides various services for students. This office provides transcripts of students' academic records, verifies and certifies enrollment status, mails final grade reports, processes grade changes, orders and issues diplomas, processes changes in name, address, and telephone number.

The Offices of Financial Aid and the Bursar respond to the Vice-President of Financial Affairs. However, since these offices provide major services to the student population, they are presented here. The Office of Financial Aid offers financial aid orientation. It also analyzes documentation and assigns state, federal and institutional funds. Among others essential functions, it also administers and coordinates Title IV programs and processes the funds of proposals, athletic, administrative and honor scholarships.

The Bursar is responsible for applying the fee policies and administering the payment plans that guarantee institutional incomes. This officer notifies and monitors the compliance of the fiscal policy established by the Vice Presidency of Financial Affairs, establishes the process of validation of registration, administers the application of federal funds refund policies and registers the private and public contracts of agencies. It also applies refund processes and the emission of checks to students, registers payments and maintains the collection system of the students' accounts.

The organizational structure of the Office of the Vice Chancellor of Student Affairs allows for the provision of specialized student services for all students under the direct supervision of the Associate Vice Chancellor for Quality of Life and Student Well-Being or the Associate Vice Chancellor of Student Affairs.

- The Quality of Life and Student Well-Being Office designs, develops, and promotes an extensive system of programs, services and activities that facilitate the integration of multidisciplinary resources to create an atmosphere of respect, welfare and quality of life. The office promotes an ecological model of health, which encourages healthy life styles through activities related to awareness and education on topics such as violence prevention and the use of drugs, alcohol, and cigarettes. The Office encompasses, counseling and multidisciplinary services, a health services program, a community connection program, volunteer projects and student organization support.
- Professional Guidance and Counseling Programs are available to students with educational, personal, and decision-making concerns. A wide variety of programs, workshops, counseling opportunities and informational materials are provided to help students meet the challenges of university programs and experiences. There are individual counseling and testing services for occupational and educational assessment. In addition, this office coordinates the "Easy Access" Program, which offers special services for disabled students. These services include: parking, educational goal planning, tutoring and other student needs. The students should register with the program at the beginning of their admission process.

- Career and Placement Services are offered by the Office of the Assistant Vice Chancellor of Career and Placement. This office is responsible for satisfying the employment needs of students, alumni and community members and for improving their employment skills, increasing productivity and competences, thus bringing about the client's effective placement. The office functions as a "one-stop" career center and through diverse alliances with the government's Employment Center (Consortiums), integrated services are offered such as counseling, vocational testing, evaluation of employment skills, preparation of resumes and letters of presentation, referrals to governmental agencies and access to Puerto Rico's Department of Labor updated employment offerings through a technological laboratory of resources. To assist students in career planning, a career reference library is provided with the center's printed, audio and videotape materials about specific occupations, skills, and requirements for jobs, educational and career matters. The computerized occupational information system provides current educational, and labor market requirements, skills specification and other information to be used in the decision-making process. Consulting services for student, faculty, administration and community members are offered through this unit.

- The Scholarship and Internship Program provides the opportunity for active students to request special scholarships and permits students to participate in academic-professional and research opportunities in different companies and educational institutions globally. The activities promoted by this office complement the student's academic development and allow the development of professional abilities and personal skills to be integrated successfully in the work force. It also assists talented high school students in completing their university studies in the UAGM. This program is funded by corporate, private, public, and institutional funds.

- Health Services, first aid and medical services are offered at the Health Services Office of the Institution. In the event of an emergency or illness, the student should report to the Health Services Office to receive first-aid. The Health Services Office offers preventive medicine and medical materials, free of charge, for all students. The nurse and or doctor provide information on a variety of health-related topics which includes medical clinic sessions as well as personal health care education
 In case of an emergency, an ambulance from the metropolitan area will be called and the student will be taken to a local hospital. This same procedure will be followed in the Off-campus sites. A doctor and/or nurse will be available to serve the student population at the Carolina Campus. The Off-campus sites do not have nurses; therefore, the services of an ambulance are provided to them in case of an emergency free of charge.

- The Social and Cultural Activities Program gives the students, the faculty and the community an opportunity to watch films and theatrical performances, attend concerts, shows, lectures, workshops and seminars. Participation in these activities is open to all interested persons and it aims at developing attitudes, values, sensibility towards art and good citizenship. Participation in student associations fosters leadership by developing mutual understanding and respect for social and human values. Universidad Ana G. Méndez offers students the opportunity for social, cultural and athletic programs to develop leadership, responsibility and initiative. All students are urged to join the clubs and organizations that most correspond to their needs and interests. Each group or club has a faculty adviser who counsels its members and helps to promote the activities of the group.

- The Athletic program is geared to the promotion and active participation of students in all sports activities. It is a fundamental component of the students' life in our Institution, which aims at contributing to the physical and mental growth and well-being of its students. The athletes in the Program participate in internal and inter-university competitions. Universidad Ana G. Méndez is a member of the inter-university sports organization. To strengthen the Program and increase the number of participants, the Director and coaches of the Program visit the sports programs of high schools. During these visits they present the Program and identify prospective candidates. The Program has a Procedures Manual and a guide for granting athletic scholarships.

- All student organizations must be recognized and approved by the Office of the Vice Chancellor of Student Affairs. Any group consisting of ten or more regular students may organize and apply for official recognition of its organization. Interested students should request an application from the Office of the Vice Chancellor for Students Affairs. The purpose of the organization and the name of the advisor should be stated. Through students' participation in organizations, they can collaborate in the Institution plans and development. Also, the students develop their own leadership skills and help enhance the students' quality of life in the Institutional setting.

ACADEMIC ADVISING AND RETENTION PROGRAM

The Academic Advisement and Retention services promote continuous interaction between the students, faculty members, the academic counselor and other administrators of the Office of the Vice Chancellor and the Office of the Vice Chancellor of Student Affairs.

Helping the students with their academic problems is a major aspect of advising. Because it requires curricular knowledge and expertise, academic advising is an academic concern.

Freshmen student are assigned to a mentor, a faculty member who belongs to the student study program, who is responsible for discussing with student's information concerning course selection, nature of educational programs, courses which are relevant to their interests, course content, academic requirements, regulations and procedures, and more.

The mentor (faculty member) works in cooperation with the Student Support Services Staff to coordinate services required by the student who has special needs.

VETERANS AND THEIR BENEFICIARIES SERVICES

The Veteran's Services, located at the Registrar's Office, is primarily directed toward the motivation of veterans and their dependents in order that they may effectively exercise their rights to an education.

They are helped in the completion and processing of required documents for the purpose of establishing eligibility, certification of service, and academic progress.

Veterans and their beneficiaries must complete their program of studies within the time established by their curriculum (**100%**). Students who extend their studies beyond the time (150%) established by the program cannot continue to receive Veteran's benefits. Therefore, Academic Progress Norms do not apply to veterans and their beneficiaries, who need to maintain a retention index of 2.00 when the 100% of the program is completed. The veterans and their beneficiaries should follow the program sequence which is distributed by academic year. The following examples show time/length of various programs: Certificate program of 36 credits is 1 and half years; Associate degree program of 73 credits is 2 and half years; Bachelor degree program of 121 credits is 4 years. If the student is a recipient of the Pell Grant, he may resort to the 150% additional time, established by the standard for Satisfactory Academic Progress of the Institution. Veterans should be evaluated utilizing both Veteran's Benefits and Pell Grant criteria, if they are beneficiaries of these.

STUDENT RIGHT-TO-KNOW AND CAMPUS SECURITY ACT

The common intention of the three major parts of this 1990 Act is to enhance the choice of the potential consumer, the post-secondary student, by reporting statistics about the "performance" of higher education institutions.

- Section 103 covers disclosures about the graduation or completion rate and other postsecondary outcomes of all students.
- Section 104 covers disclosures about the comparative academic "success" of students who receive financial assistance contingent upon participation in intercollegiate sports and Section 105 concerns institutional revenues and expenditures for intercollegiate athletic activities.
- Sections 203 and 204 concern disclosures, reports, and publications about campus security policies and crime statistics.

Compliance with all the Act's disclosure provisions becomes an additional criterion for institutional eligibility to participate in federal student aid programs.

TITLE 38 UNITED STATES CODE SECTION 3679(E) SCHOOL COMPLIANCE FORM

As part of the Veterans Benefits and Transition Act of 2018, section 3679 of title 38, United States Code was amended, and educational institution will be required to sign this compliance form to confirm your compliance with the requirements as outlined.

Effective August 1, 2019, the State approving agency, or the Secretary when acting in the role of the State approving agency, shall disapprove a course of education provided by an educational institution that has effect a policy is inconsistent the areas below:

NOTE: A ***Covered Individual*** in any individual who is entitled to educational assistance under chapter 31, Vocational Rehabilitation and Employment, or chapter 33, Post-9/11 GI Bill benefits.

According with this requirement, Universidad Ana G. Méndez - Carolina campus policy:

- permit any covered individual to attend or participate in the course of education during the period beginning on the date on which the individual provides to the educational institution a certificate of eligibility for entitlement to educational assistance under chapter 31 or 33 (a "certificate of eligibility" can also include a "Statement of Benefits" obtained from the Department of Veteran Affairs' (VA) website – eBenefits, or a VAF 28-1905 form for chapter 31 authorization purposes) and ending on the earlier of the following dates:
 1. The date on which payment from VA is made to the institution.
 2. 90 days after the date the institution certified tuition and fees following the receipt of the certificate of eligibility.
- ensure that your educational institution will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds, on any covered individual because of the individual's inability to meet his or her financial obligations to the institution due to the delayed disbursement funding from VA under chapter 31 or 33.

The signature on this document attests that your facility currently complies with the requirements of 38 USC 3679(e), or will comply by the effective date of August 1, 2019.

In addition, statute allows your policy to require the covered individual to take the following additional actions:

1. Submit a certificate of eligibility for entitlement to educational assistance no later than the first day of a course of education.
2. Submit a written request to use such entitlement.
3. Provide additional information necessary to the proper certification of enrollment by the educational institution.
4. Your policy may also require additional payment or impose a fee for the amount that is the difference between the amount of the student's financial obligation and the amount of the VA education benefit disbursement.

Waivers of this requirement may be granted by VA. If you have a waiver, please send that documentation to the SAA so we may correctly document your compliance. VA will send communication about obtaining waivers at a later date.

FAMILY RIGHTS AND PRIVACY ACT INFORMATION STATEMENT

Law 186 prohibits the use of SSN as identification routine in public and private educational institutions (September 1, 2006)

The law prohibits the use of social security as a routine identification number in public and private from the elementary level up to the postgraduate educational institutions and it establishes the rules on the use of this data in educational institutions.

Therefore, the social security number will not be required of the student to take exams, presentation of projects, and any other action that is not related to procedures in which there is a legitimate need, such as; registration process, request for loans or financial assistance, transcriptions among others.

Any claim or complaint about improper use of social security number must be done in written form to the Registrar's Office. The Registrar or his representative will attend to the claim.

Family Educational Rights and Privacy Act, 1974, FERPA.

According to the *Family Educational Rights and Privacy Act, 1974*, FERPA; the student has certain rights regarding his/her record. The institution ensures control and security of the records and the disclosure of the information in accordance with the FERPA Act. The law limits the disclosure of the information, to who can have access to the information:

- 1- Institutional officials with a legitimate educational interest will have access to it.
- 2- The parents of a dependent student as defined in the Income Tax Returns.
- 3- A court order requiring the institution to show academic record.
- 4- The student may have access to his/her information.
- 5- The accrediting agencies, organizations conducting studies for educational institutions, in financial aids process, in audits or evaluations related to compliance with educational programs, authorization through the information directory, because of a disciplinary view of an alleged victim of a crime of violence.

Amendment 32 CFR 216 Solomon to the Family Educational Rights Privacy Act establishes that federal funds not be provided to institutions having as a policy to prevent the Secretary of the Defense of the United States to obtain information, for recruitment purposes, from the directory of students enrolled. This information according to the Solomon Amendment can be provided to recruiters when the student has authorized to provide information in accordance with the category that the student has marked in the information directory. The institution is limited only to provide the information in accordance with the categories of the information directory.

Information Directory

The student may authorize the institution to provide information through the information directory, which establishes the information to offer. The directory includes; name, address, phone, date and place of birth, program of studies, participation in sports, weight and height of the athletes, degrees and honors received and related information.

The institution may provide information contained in the record of the student without their consent under the conditions provided by FERPA.

The student selects the information through the directory and selects a category of the information authorization that empowers the institution to disclose, it is divided into three categories:

- a. Name, student number, address, telephone number, date and place of birth, major, enrolled credits, period of studies, participation in official and sports activities, weight and height of athletes, degree and awards received, and schools or universities attended.
- b. Name, student number, concentration, credits enrolled, period of studies, participation in official activities and sports, weight and height of athletes, degree and all awards received, and schools or universities attended.
- c. I do not authorize the institution to provide information on the categories of the information directory.

STUDENT'S RIGHTS UNDER THE FERPA LAW

The law gives certain rights to the students who are 18 years or older or who attend an institution of higher education. These rights include:

- The right to inspect and review the information that is kept in his/her academic record. The right to examine the record within 45 days from the day Universidad Ana G. Méndez receives the request in writing. The application must be requested at the Office of the Registrar, it must specify what the student wishes to examine his/her record.
- The right to amend or correct information. Such amendment or correction will be requested in writing and shall specify the aspects the student understands should be changed including the reasons. If such amendments or corrections cannot be done, the student will be notified in writing with a right to a hearing.
- The right to consent in writing before the institution reports personally identifiable information from your record. This right is limited to the information that FERPA authorizes to offer without the consent or authorization of the student. In addition, it allows that information without the consent of the student can be offered to the University Officials who have a legitimate educational interest in order to comply with their professional responsibility. The institution may offer student record information,

without his/her consent to another educational institution in which the student wishes to enroll.

- The right to claim or file a complaint with the U.S. Department of Education non-compliance of Universidad Ana G. Méndez of this law. The claim should be directed to: Family Policy Compliance Office U.S. Department of Education 400 Maryland Avenue, SW Washington, D.C. 20202.

Administration of the FERPA Law

The Office of the Registrar is responsible for the administration and application of the FERPA Law. The Registrar is responsible for ensuring that compliance as stipulated in the law. The Registrar, the Academic Vice Chancellor and the Vice Chancellor for Student Affairs will attend any claim in this regard.

STUDENT FINANCIAL AID

The mission of the financial aid program is to provide the student financial aid assistance to finance their studies according to the criteria of financial need, federal, state and institutional regulations.

Our Student Financial Aid Program operates under the basic principle that the primary responsibility of financing higher education is of the family. Therefore, most of the funds are offered under the economic criterion of need. The objectives of providing a fair distribution of the financial resources agree with the state, federal and institutional dispositions.

The Program is made up of three components, such as: scholarships that are given and thus do not have to be repaid. Student money loans made available at a low interest with reasonable conditions of repayment. The work and study program permit the student to acquire experience of a job related to his program of studies and at the same time receives compensation for the work being done, thus helping with his costs of education.

The student can be eligible to receive aid of all three components, if these available funds will permit.

Grant-Scholarship Programs

Federal Pell Grant

This grant helps undergraduate students to pay for their postsecondary education and students must be enrolled at least on three credits to receive the benefit. For the academic year 2017-2018 the maximum annual award is \$5,815 and the student must meet the eligibility requirements of the program.

Federal Supplemental Educational Opportunity Grant (SEOG)

This grant helps undergraduate students with exceptional financial need. The amount of the awards is contingent to availability of funds.

State Funds

The Postsecondary Institutions Board of Puerto Rico (JIPR) manages this program. The institution participating in this program must submit the candidates to the JIPR and after the qualifying is made, the institution receives the fund for those students.

Loan Programs

Federal Direct Loan

Federal Direct-Ford Loans are offered at a variable interest rate, with a cap of 8.25%. For “Subsidized-Direct” the government pays the interest while you are in school; for “Unsubsidized Direct” you are responsible for paying the interest while you are in school. If you choose not to pay the interest, it will accrue and be capitalized (added on the principle).

Federal Direct Parent Loan for Undergraduate Students (FDPLUS)

“PLUS” loans are borrowed by parents for dependent students or by students in a graduate program. The interest rate is fixed, with a cap of 9%. Repayment begins 60 days after the First Disbursement.

Work and Study Program

Federal Work-Study Program (FWSP)

A program, that requires the student work a maximum of 80 hours per semester. The student is paid a competitive wage and is able to gain experience in his area of study.

Institutional Scholarships Programs

Athletic Scholarship

This program is available to students who have athletic performance. The Athletic Scholarship Committee studies the candidates recommended by the coaches and determine the student benefit.

PR Honor

This institutional scholarship program is designed to provide to talented high school students the opportunity of pursuing their college education at UAGM. Candidates will be evaluated based on High School GPA and CEEB scores.

Its objectives are:

- Identify those academically talented students motivated into pursuing an Associate or Bachelor’s degree, and who show economic need.
- Facilitate academically talented youngsters who show economic need, access to a high-quality university education.
- Propitiate the necessary conditions to help these students develop their talents and capabilities to their full potential.

- Provide students with a high quality academic program that meets their expectations and attend to their goals.

How to Apply for Financial Aid

Financial Aid is awarded annually. The student must apply each year. The Financial Aid Application will be available after January.

The student must submit the Free Application for Federal Student Financial Aid (FAFSA) or Renewal FAFSA to the U.S. Department of Education. The application must be completed online at the following web site: www.fafsa.ed.gov. The amount of financial aid may vary each year according to your need, the type of aid you are eligible, your academic performance and available funding.

Eligibility Requirements

In order to meet the eligibility requirements, students must:

- have financial need
- have a high school diploma or a General Education Development (GED) certificate.
- be working toward a degree or certificate.
- be a U.S. citizen or eligible no citizen.
- have a valid Social Security Number.
- not owe a refund on a Federal Grant or be in default on a Federal Educational loan.
- be making Satisfactory Academic Progress.
- be registered with Selective Service (if required).
- be enrolled at least half-time except for the Federal Pell Grant, which allows less-than-half-time enrollment.
- not receive a Bachelor's Degree for Pell and FSEOG.
- provide documentation of any information requested by the Office of Admission and Financial Aid.

Important Note:

The Institution complies fully with the privacy Rights of Parents and Students Act of 1974 (Title IV of the U.S. Public law 90-247), as amended, which specifically governs access to records maintained by institutions to which funds are made available under any Federal program for which the U.S. Commission of Education has administrative responsibility, and the release of such records, provided that such institutions must furnish parents of students access to official records directly related to the students and an opportunity for a hearing to challenge such records on the ground that they are inaccurate, misleading or otherwise inappropriate; that institutions must obtain the written consent of parents before releasing personally identified data from student records to other than a specified list of exceptions; that parents and students must be notified of these rights; that these rights transfer to students at certain points; and that an office adjudicate complaints and violations of this la

TUITION, FEES AND RELATED INFORMATION

Tuition and Fees

Once a year the Vice-presidency for Financial Affairs publishes a circular letter with information about tuition for all academic programs and other fees for all institutional services. This circular letter is available at the Bursar's Office.

Average Annual Tuition and Fees \$5,314 Costs are estimated and are subject to change.

Tuition fees are made by credit or contact hour as follow: Certificate Programs \$ 181.00

In addition, the institution has a general fee of \$450.00 per semester. Costs are subject to change from one academic year to the next.

Construction	\$300.00
Technology	\$ 75.00
Services	\$ 45.00
Parking	\$ 20.00
Library	\$ 7.00
Insurance	\$ 3.00

Please note that in attending any university, students will have to allow for other expenses, such as books and supplies, transportation, meals and other personal needs. A variety of financial aid packages are available.

Tuition, fees and service charges must be paid in full during registration or at the time that the services are requested by the student. Payments can be made in cash, or by certified or manager's checks, money orders, or credit cards such as American Express, Visa or Master Card. Receipts for all transactions must be retained, and presented with any claim or adjustment requested. The Bursar's Office will not accept claims without receipts.

Tuition Option Payment Plan (TOPP)

The University has a convenient method for paying educational expenses through scheduled payments over the period of enrollment. The TOPP will only allow a due balance of \$600.00 that may be paid through a SUAGM's payment plan.

Clear Statement

Students with a balance of an outstanding debt will not be allowed to enroll the following semester and will not be able to get access their grades.

Invoices

The Bursar's Office will mail two invoices during the regular semester. The approximate dates for the mailing of such invoices are: September 30, November 15, February 28, and April 15. If the invoice is not received in the email, it is the student's responsibility to request it personally from the Bursar's Office.

ADJUSTMENTS AND REFUNDS FOR ACTIVE AND NEW STUDENTS

Refund Policy

- **Total Withdrawal**

The costs of any student who complete an official withdraw process will be adjusted according to the days attended classes until the date of the official withdraw and the total of semester or part of term days, as applicable.

- **Mid-Point**

All students that at the end of the semester have WF, in all courses will be charged 50% of the total cost of your tuition.

- **Partial Withdrawal**

Students who partially withdraw, starting the first day of classes of each semester, the System will charge 100% tuition costs.

- **Non- Attendance**

Students who do not attend their registered courses will be marked N/A by the professors, given an administrative withdrawal, and refunded 75% the cost of the course. The student will be held responsible for 25% of the cost, as financial aid programs do not cover it.

Important Note:

The Sistema Universitario Ana G. Méndez reserved the right to review the tuitions and fees. It is the student's responsibility to know and stay informed about charges, fees, schedules, courses, requirements for degrees, tuition and policies of the Bursar's Office by visiting the webpage: <http://une.suaqm.edu/>

OFFICE OF THE VICE CHANCELLOR OF INFORMATION RESOURCES AND TELECOMMUNICATIONS

Vision

In harmony with the mission of the Institution, the vision of the Office of the Vice Chancellor of Information Resources and Telecommunications endeavors to become a recognized leader in the process of learning, teaching, research, and service.

Mission

The Office of the Vice Chancellor of Information Resources and Telecommunications will contribute to the integral development of its students. As an administrative and academic center, we

pretend to promote in our students, the social and cultural values of our people, offering effective quality service through information resources that are inherent to the academic development of our Institution environment. We pledge to complement the Institution's commitment to research, creativity and innovation using new technologies.

Description of the unit

The Office of the Vice Chancellor of Information Resources and Telecommunications is the administrative unit that integrates the Library, Distance Education, Information and Telecommunication, Exhibit area, Piñero Collection, Educational Technology, and the Community Technological Center. Through a structured and systemic approach, the units provide the necessary services to support the Institution's academic programs. It provides educational services and materials to serve the diverse learning and instructional needs of students and faculty members, thus becoming an integral part of the teaching-learning process of the Institution. The units of the Vice Chancellor of Information Resources and Telecommunications houses a wide variety of printed, audiovisual, and electronic materials selected in accordance with the academic programs and adequately organized to foster their usage.

Library

The Library has a complete automated system that provides access to the materials available in all of the three libraries of the Universidad Ana G. Méndez-Carolina Campus. UAGM five Off-campus sites are also part of this automated system and have the use of inter-library loans of materials available to all the students of SUAGM. A Virtual Library is also available for students through an electronic web page: <http://une.suagm.edu/>

Portal de Biblioteca

Materials include a variety of formats: books, dictionaries, journals, magazines and newspapers, microfilms, Multimedia CD ROMS, DVD's, E-books, as well as on line resources. These resources include the following sections: Ask the librarian, Information skills, Tutorials, Links, Special collections, Data bases, Audio Visual Equipment loans, and Norms, Regulations and Procedures for topics in; copyright, plagiarism, etc.

The library provides seating areas for individual study, facilities for small study groups and computers for students' independent use with wireless access as well as for students that are physically challenge.

The Bibliographic Instruction Program in the library provides the necessary skills for the effective use, services, and academic resources, Internet.

Sala Florencio Pagán Cruz

The Reference and Reserve unit are located in this area. The Reference collection has the basic resources needed to do research and investigation projects such as: general and specialized dictionaries, annuals, atlas, directories, reference books, indices in electronic and printed formats, access to Internet and the data base specialized in legal resources. We have invested in the research-based search engine Voyager System, which greatly facilitates the identification and access to a vast quantity of research literature, journals, textbooks, and other relevant documentation. The total collection of magazines, books, e-books, journals, and audiovisual resources exceed the requirements in titles and volumes for all the levels of the academic programs offered in the Institution.

Circulation and Reserve Area

This area facilitates the loan of books out of the library to authorized users. The Magazine Collection provides more than 5,000 titles combined in printed materials and online resources, local as well as international newspapers.

Inter-Library Loans

The inter-library loan is the opportunity given to the academic community of obtaining, as a loan, the use of resources of other libraries in, as well as outside of Puerto Rico. At the same time, the Library at the Carolina campus participates actively in lending its resources to the other libraries of the Universidad Ana G. Méndez and to the four Libraries in the Off-Campus locations.

Exhibit Area

The art works exhibition area is located strategically in the entrance to the Information Resources Center. The atrium was designed with all the necessary specifications to offer to the public the opportunity of enjoying exhibitions while visiting us. The interior garden, situated to the end of this atrium is a sculpture of our founder, Dr. Ana G. Méndez.

Collection Developments and New Acquisitions

The Center at the Carolina Campus provides all the printed and non-printed resources necessary to facilitate the teaching learning process and to enrich the Institution educational programs. To facilitate collection access, the material is catalogued using Spanish and English subject heading and classified according to the Subject Headings from the Library of Congress. Some of the resources identified are Bibliographical file, Internet, etc.

Educational Technology

This unit advises on the appropriate use of technological resources in the classroom. This unit also administers and distributes electronic materials and equipment requested by the faculty and

students. The faculty and students can coordinate the loan services of educational materials and audiovisual equipment to be used in the [e@classroom](#).

Distance Education

The mission of this unit is to expand the cultural and educational offerings utilizing the modality of distance education. Distance education as an educational strategy is part of the academic task of the Institution. The Institution participates in various academic projects such as: offering of courses through ITS, the broadcasting of conferences from various parts of the world, as well as providing training to faculty regarding distance education strategies and methodologies thus certifying faculty in the use of this media. The Blackboard platform is used.

Computerized Information Technology and Telecommunications

Its mission is to integrate the computerized information technology and the telecommunications to the administrative and academic processes. The design is following a plan that has considered the necessary details to bring up to date and to expand the equipment and the software of the student's computer laboratories, the faculty and administrative personal training laboratory, and the access to Internet in all the computers located in the libraries.

Hours of Operation

The Library offers its services in the following schedule for the Carolina campus and the four Off-Campus locations at Yauco, Cabo Rojo, Santa Isabel, and Barceloneta.

Monday - Thursday	7:00 a.m. – 10:00 p.m.
Friday	7:00 a.m. – 10:00 p.m.
Saturday	8:00 a.m. – 5:00 p.m.
Sunday / Holidays	12:00 p.m. – 5:00 p.m. (Carolina Campus)

Staff

The Center has a staff of professional librarians, educational technologists, assistant librarians, technicians, and clerks whose main goal is to provide the collegiate community with efficient services. They offer students and faculty direct assistance in locating information that will best satisfy their interests and needs. Orientation in the proper use of the Center facilities is one of the main features of the daily work.

OFFICE OF THE DIRECTOR OF THE EVENING AND WEEKEND PROGRAMS

Mission

Its mission is to provide academic and administrative services needed to students enrolled in the evening and weekend classes at UAGM-Carolina Campus. Design and provide support services to this segment of the student population geared towards improving retention and graduation. Coordinate in consortia with the Schools the enrollment process, evaluation process of faculty, dissemination of information related to the academic offerings, and assist in designing and promoting student activities to improve evening and weekend university life.

Its mission is to serve the learning needs of adults and organizations as well as to provide leadership in developing adult education programs through the attainment of external funds.

Description of the unit

The office is headed by the Associate Vice Chancellor, a secretary and a Coordinator in charge of providing direct services to students and faculty. These services entail coordinating services needed by evening and weekend students with the Registrar's Office, Financial Aid, Treasure's Office, Professional Counseling, Academic Advising, and the Schools.

The Programs features the regular academic degree programs. These are offered during evenings from 5:00 to 10:30 p.m. and Saturdays from 7:00 a.m. to 4:00 p.m. Some programs offer courses on Sundays from 8:00a.m. to 12:00 noon.

Off Campus Locations (University Centers)

The Off-Campus location programs respond to the needs of the communities in the various geographical areas throughout Puerto Rico. The University Centers are in the towns of Barceloneta, Yauco, Cabo Rojo and Santa Isabel.

The academic programs offered are certificate, associate and bachelor degrees in Business Administration, Criminal Justice, Social Work, Education, Health Sciences, and Office Systems in all of the Centers. Some Centers have more program offerings than others do to their physical facilities.

The same educational support services that are available on campus are also available at the Centers. These services are: The Offices of the Guidance Counselor, Registrar, Financial Aid, Bursar's, Admissions, and Library. The faculty is from the surrounding community with master's degree and some with doctorates, all recommended for their excellent educational background and experience.

Off Campus Locations

Academic Offerings

The five Off-Campus locations offer the following academic programs:

YAUCO OFF-CAMPUS**Calle Santo Domingo #29****Yauco, Puerto Rico 00698**

Certificate Programs in:

- Practical Nurse
- Graphic Design and Digital Production
- Medical Insurance Billing
- Computer Repair and Network Installation
- Architectural Draftsman
- Promotion and Marketing with Technology Integration
- Leader of Recreation and Sports Programs
- Teacher's Aid in Early Education

CABO ROJO OFF-CAMPUS**Carr. 100 km 4.8****Bo. Miradero, Sector Conde Ávila****Cabo Rojo, Puerto Rico 00623**

Certificate Programs in:

- Graphic Design and Digital Production
- Computer Repair and Network Installation
- Architectural Draftsman
- Promotion and Marketing with Technology Integration
- Leader of Recreation and Sports Programs
- Teacher's Aid in Early Education
- Hotel Operations
- Medical Insurance Billing

SANTA ISABEL OFF-CAMPUS**Carr. 153 Km 12.5****Bo. Felicia 2 Sector Jauca****Santa Isabel, Puerto Rico 00757**

Certificate Programs in:

- Graphic Design and Digital Production
- Entrepreneurship

ASSESSMENT MODEL AT UAGM

The assessment model at UAGM adopts the assessment features outlined by the Sistema Universitario Ana G. Méndez (SUAGM, 1992). The model is based on the concept of "Talent Development" as defined by Alexander Astin. From this perspective, resources, reputation, do not define our excellence nor by whom we admit to our Institution, but on what we do for the students once they reach us. Thus, excellence is observed starting with institutional effectiveness in the development of talent in the students, and how much value is added in the development process once they are admitted.

The model gathers information about the educational process of the students in three stages: before, during, and after:

Before: Information is gathered regarding the set of knowledge, skills and attitudes of the student before beginning the educational process. Diversity of instruments are used (educational and

socio-demographic information, tests, interviews, and others) to know the environmental circumstances and the strengths and limitations of the learner regarding determined competencies considered as necessary and important.

During: It refers to the educational experiences that the university provides for the student through academia, teaching support services, and administrative services. During the educational process the institution creates the necessary conditions in the areas so that students can progressively achieve their educational goal. Information from different areas is gathered to follow the formative process of the students: curriculum, teaching, learning, educational materials, technology, support services, orientation, and others.

After: The main attention of this stage is to know the products achieved by the students after having passed through a planned assessment process. Once the students finish their formative process, we can reach the conclusion of whether they have attained their educational objective. With this information, we identify the changes that occurred in student achievement.

Calibrating the student's talent development allows us to understand the links between before, during and after aimed at promoting experiences that develop their capacities to the maximum. According to Astin (1991), learning involves a change of learning; therefore, it is necessary to measure the change in that process. In addition, we start with the supposition that learning increases when students are aware of what they must learn, know the means and criteria to attain their educational objectives, and receive corrective follow-up or maintenance to improve learning. In this sense, the purpose of assessment is to gather diverse information to improve the students' learning product. Therefore, the term "outcomes assessment" is closely related to the curriculum (understood as teaching learning).

Universidad Ana G. Méndez Anthem-Carolina Campus (Institutional Song)

*Nuestro es el porvenir,
la promesa de un nuevo amanecer
horizontes de luz,
nuestra es la juventud.*

*Nuestra es la libertad,
la verdad, la justicia y el honor
esperanza en flor
para la humanidad...*

*Nuestro es el sol y el mar
nuestros sueños podemos alcanzar
nuestro es el saber,
y el saber es la libertad....*

Lyrics and Music by Alberto Carrión

ACADEMIC INFORMATION**Admission Requirements**

- High school diploma or its equivalent
- Submit the following documents:
 - A complete application for admission
 - An official high school transcript or its equivalent
 - College Board or take the Institution placement test
 - A non-refundable application fee of \$15.00

Graduation Requirements

Students at Universidad Ana G. Méndez are eligible to receive their certificate degree after complying with the following requirements:

- Candidates for a certificate must pass the required number of courses in a diversified program of general and professional studies.
- They must have satisfactorily completed the prescribed number of Credits with a grade point average of 2.00 (C) or higher or as required in their program of studies.
- They must fill out an application for graduation at the Registrar's Office at the time they enroll for the last semester or summer session.
- Candidates for a certificate must submit themselves to the rules and graduation requirements of the year they expect to graduate.
- They must have satisfied all financial obligations to the Institution.
- A non-refundable application fee of \$185.00.
- Commencement Exercises will be celebrated once during the academic year, at the end of the second semester. Those students who meet the requirements for a certificate at the end of the first or second summer session or at the end of the first semester (August-December) should apply to the Registrar's Office for a certified statement showing that they have completed the requirements of their respective programs of study.

CERTIFICATE PROGRAM DESCRIPTION AND GAINFULL EMPLOYMENT INFORMATION

ARCHITECTURAL DRAFTSMAN CERTIFICATE

This Architectural Draftsman Certificate is a program that prepares individuals to apply technical knowledge and skills to develop working drawings and electronic simulations for architectural and related construction projects. Includes instruction in basic construction and structural design, architectural rendering, architectural-aided drafting (CAD), layout and designs, architectural blueprint interpretation, building materials, and basic structural wiring diagramming.

COURSE DESCRIPTIONS

ACOC 111 Elementary Accounting I

3 Credits

The course emphasizes an understanding of the complete accounting cycle. It also includes the basic accounting principles and procedures that are applied to inventory, accounts receivable, voucher systems, and bank reconciliation. Include Laboratory.

ARTC 101 Art Appreciation

3 Credits

This course is designed to develop in the student a broad understanding of the basic principles of art. The student will also gain aesthetic appreciation of great masterpieces.

BIGC 101 Environmental Science

3 Credits

Study of the main issues related to Environmental Sciences: ecosystems, biodiversity, population balance, management of natural resources, energy and pollution among others, from the perspective of sustainable development. Contextualization of the issues to the case of Puerto Rico, while considering the overall look of them worldwide. Emphasis on the development of knowledge, skills and critical thinking proficiency, through analysis of current environmental problems, which allow the student to evaluate and propose solutions to them from scientific literacy. In addition, it facilitates the development of skills related to research, new technologies and communication.

COMC 102 Introduction to Multimedia

3 Credits

Panoramic study of the mass media. Includes historical development, organization, structure, characteristics, and analysis of social responsibility, as well as, the impact that media has over the public. The course is developed through discussions, critical analysis, readings, case analysis, presentations and the responsible use of technology. It is offered one semester.

COMC 110 Introduction to Computer and Software

3 Credits

Study, application and handling of basic computer concepts, and productivity tools. Analysis and evaluation of different application programs. Emphasis on creating and editing documents and effective presentation of ideas. Includes the use and responsible handling programs such as search engines, email, word processing, presentations and spreadsheets. Includes laboratory and practical experiences on the Internet.

COMC 210 Digital Photography

3 Credits

This is a laboratory-intensive course that emphasizes communication technology, digital photography and its tools, techniques and modalities. Through class discussions and work in the laboratory the student will recognize technologies such as black-and-white photography, color photography, computers, satellite, telephone and Internet transmissions, and will work on photography projects from the development of a concept to final product. The course will entail two 2-hour weekly meetings at the digital media laboratory. It will be offered in a semester.

COMC 285 Web Page Design

3 Credits

This course introduces students to tools used today to develop Web pages. The course is taught in a laboratory and includes technologies such as HTML and Content Management Systems (CMS), and other complementary technologies. Prerequisite: COMC 102

COMC 330 Digital Graphic Design

3 Credits

This course focuses on the great movements of graphic design, its rationale and application in the preparation of sketches, brochures, business cards and posters. In addition, it focuses on the need to find the creativity to achieve a greater responsiveness of the public they will spread the message to. Prerequisite: COMC 210

COMC 340 Digital Sound Production

3 Credits

The study of the principles and techniques of digital audio production. Theoretical aspects of this course present a general vision of Radio as an industry. Sound production's legal, esthetical and managerial aspects are also studied in combination with the audience, programming, script writing, and equipment and production facilities. This course emphasizes on content production. Students will create programming by handling industry standard software. The nature of sound and its theoretical principles will be used in the recording, editing and broadcasting processes for the radio, video and web. Prerequisite: COMC 102

COMC 350 Management and Administration of a Media Company

3 Credits

This course provides students with the necessary tools for the management, planning and organization of a communications company. It will emphasize on the challenges and the new trends of the communications industry modern development. The course will direct students to integrate management and communications concepts into a social-entrepreneurial strategy.

COMC 420 Digital Video Production

3 Credits

Introductory course to the theory and practice of video production and direction. This course offers an integrated perspective of the television business; its role and performance. The theoretical aspect includes the fundamental concepts of audiovisual production as well as the legal, ethical and managerial elements. It will also incorporate the development of an audiovisual concept; script writing; the proposal; the production stages; the production crew; equipment's; distribution and marketing of the final product. The practical component of the course includes technical and aesthetical aspects in several audiovisual content creations and the use of recording and digital editing equipment. Prerequisite: Students COMC 210, COMC 330, COMC 340

COMC 430 Multimedia Production and Practice Seminar

3 Credits

This course focuses on the study and practice of various digital media related to graphic design, websites, photography and video. Presents the development of the creative arts directed towards the converging media and its application in computer graphics arts. In addition, it addresses the complexity of multimedia production, in its aspects of design and

technical solution in hardware and software. It is offered in one semester. Students must approve COMC 340 and 420 as pre-requisites for this course.

COIC 111 Software Applications for Business Administration

3 Credits

Study of the fundamental concepts and applications of information systems relating to business. Integration of application programs for business productivity such as database management system (DBMS), statistical and graphical functions in spreadsheets. The course develops an evaluative environment and through practical exercises in a computer lab. One semester, 3 hours a week. Prerequisite: COMC 110

CSSC 102 Operating Systems

3 Credits

This course covers the assembly of the components of a network. Students will apply their knowledge in the installation, configuration and troubleshooting in a network. They will learn how to connect buildings using microwave antennae and all the wiring to be used. They will learn about the use of tools for measuring the behavior of a network to identify problems.

CSSC 103 PC Troubleshooting and Maintenance I

3 Credits

This introductory course teaches how to set up, operate, and maintain a personal computer. Students will gain practical hands-on experience in the following areas: installing software packages, preventive maintenance, diagnostic testing, and peripheral interfacing.

CSSC 104 Introduction to Networks

3 Credits

This course is an introduction to the fundamentals, basic concepts, and terminology of networks. Topics include access and use of the Internet, intranet and networking hardware and software. Prerequisite: CSSC 103.

CSSC 200 Network Hardware Installation and Maintenance

3 Credits

This course covers the assembly of the components of a network. Students will apply their knowledge in the installation, configuration and troubleshooting in a network. They will learn how to connect buildings using microwave antennae and all the wiring to be used. They will learn about the use of tools for measuring the behavior of a network to identify problems. Prerequisite: CSSC 104

CSSC 205 Disaster Recovery

3 Credits

This course presents methods to identify vulnerabilities and how to take appropriate countermeasures to prevent and mitigate failure risks for an organization. Also presents the students the principles of disaster recovery, including the preparation of a disaster recovery plan, assessment of risks in the enterprise, development of policies and procedures, understanding the roles and relationships of various members of an organization, testing and rehearsal of the plan, implementation of the plan, and actually recovering from a disaster. Prerequisite: CSSC 200

DRAF 011 Table Drawing I
5 Credits

This course introduces the students to the drafting profession and the basic principles of drafting. Students work with drafting instruments, alphabet lettering, lines, geometric applications, multisided projections, view sections, isometric, oblique, perspective auxiliary views, hand croquets, dimensional pictorials. The work is done on a traditional drafting table. Ten hours per week with laboratory.

DRAF 021 AutoCAD I
4 Credits

This is an introductory course of AUTOCAD computer aided drafting software. Students learn the advantages and disadvantages of using computer graphics as well as fundamental capabilities of the basic program, including drawing and editing entities (lines, circles), plotting drawings, working with layers, working with text and dimensional drawings. Prerequisites: DRAF 011-DRAF 011L

DRAF 022 Table Drawing II
5 Credits

This course introduces the students to the elements of architectural drafting, such as learning how to draw and dimension floor plans, elevations (facades) and architectural sections. It includes dimensional drawings. The course concludes with a final project that consists of drawing a residence using class concepts. Ten hours per week with laboratory. Prerequisite: DRAF 011-DRAF 011L

DRAF 023 Methods, Materials, Cost Estimating and Regulations
3 Credits

This course introduces the student to the fundamentals of cost estimating and regulations. From the drawings the students estimate the portion of cost of the necessary quantity of equipment. Students work with basic cost estimating formulas for the different areas. It also introduces the students to the basic principles of construction. The students work with different types of building material and construction techniques, floors and walls. A mayor emphasis is placed on the architectural representation of the building elements (how they are drawn). Three hours per week.

DRAF 031 AutoCAD II
4 Credits

This course is the advanced technique of AutoCAD to create libraries of symbols and to build isometric drawings. The emphasis of the course is to prepare civil drawings (structural), mechanics (plumbing) and power necessary for the preparation of a document of construction. Students will design their own libraries of symbols (pumps, receptacles, switches, etc.) which are necessary for the understanding of the document. Once designed, the students will learn how to use these libraries of symbols already created for "AutoCAD" in the respective drawings. The course concludes with a final project where are elaborated in detail the structural, plumbing and electrical drawings of a two-bedroom residence which the student developed his architectural plans in the course of 121 brand. Prerequisite: DRAF 021-DRAF 021L

DRAF 032 Table Drawing III
5 Credits

In this course, the students draw electrical distribution of light and energy of residences, and its plumbing system. The aim is to familiarize the students with the nomenclature and organization of drawings. The students practice at drawing tables. At the conclusion of this course, the student prepares a project that includes a drawing of the areas of structure

sections of a building, sanitary and potable water isometrics of a building, and electrical diagrams of a building and other details studied in the class. Ten hours per week with laboratory. Prerequisite: DRAF 022-DRAF 022L

DRAF 035 Reading and Interpretation of Construction Drawings
3 Credits

This course is scheduled to train students in reading and interpreting construction drawings. The emphasis of the class is for students to acquire tools of understand and interpret a set of construction plans, organize the set of drawings and learn the meaning of symbols, textures and abbreviations. This course will prepare the student to differentiate between general and specific notes, which are an integral part of the construction documents. The course concludes with a final project which where each student will prepare a sheet set template in AutoCAD. Prerequisite: DRAF 021-DRAF 031

DRAF 041 AutoCAD III

4 Credits

This course studies the AUTOCAD graphic program. It includes 3D dimension, editing, style, and tolerance, "grip" editing and sectional lines. Seven hours per week with laboratory. Prerequisite: DRAF 021-DRAF 031

DRAF 042 Table Drawing IV

5 Credits

This course prepares the student in the facets of foundations, situation plans and localization, reading topographic maps, and additional topics on surveying transversal and card calculation. The work is done at a drawing table. The class concludes with a final project in which the student draws the localization of a residence in a level according to the zombification zone. Nine hours per week with laboratory. Prerequisite: DRAF 032-DRAF 032L

ECEC 171 Human Growth and Development I

3 Credits

Interdisciplinary study of human development from conception through adolescence. The course integrates the physical, cognitive, socio-emotional and moral dimensions of the individual and their implications for educational practice. It analyzes the development from cases that are contextualized in the sociohistorical, cultural and educational context. The course is developed through case analysis and observations of the developing child.

ECEC 202 Integration of Technology in Education

3 Credits

The study of the systematic integration of technology in the design of teaching and learning strategies, the management of equipment and the use of technological resources and the assessment of learning in a technology integration. The course is based on the development of instructional activities that meet the ISTE technology standards (International Society for Technology in Education) including the identification and management of trusted sources of information and their adaptation to the curriculum. The course is offered in a computer lab environment that fosters interactivity and use of technological equipment.

ECEC 204 Nature and Needs of Exceptional Children and Inclusion

3 Credits

Introductory course to the study of historical, legal, service and inclusion dimensions of the exceptional student. Discussion of the etiology, characteristics and manifestations of the identified conditions. Emphasis on the teacher's responsibility to accommodations and modifications for inclusive classroom or in a less restrictive environment. The course is developed through case analysis and observations in the school setting.

ECEC 305 Sociological Foundation of Education

3 Credits

Analyzes sociological foundations and their relation to the educational process. Examines social problems that affect educational development. Interrelations between culture, education, social change, social groups, school and community. Allows the opportunity to explore current social problems and how those influence the educational process, the immediate community and sociocultural changes. Prerequisites: SOGC 201

EMPC 101 Introduction to Entrepreneurship

3 Credits

This course is designed to provide the student with a broad vision of an entrepreneurial career. It covers the principles and procedures of creative thinking and leadership. Creative Problem Solving research and application will be used to develop creative leadership. By internalizing creativity principles and procedures students will develop a mindset and skills essential to leadership and entrepreneurship.

ENGC 101 Basic English I: Speaking, reading and writing

3 Credits

An integrated language arts approach will be used in which the oral and written communication competencies and skills will stem from the reading activities. The focus of this course is to introduce the basic oral communication, reading comprehension, and writing competencies from an international and local awareness perspective. Students will engage on the refinement of oral communication competencies in verbal and nonverbal interactions to fit the purpose and context of diverse situations. Reading competencies will include comprehension and analysis of fiction and non-fiction texts leading to write from paragraphs to short essays. It is designed to develop the student's ability to communicate effectively in oral and written forms. Students will be assigned additional tasks through an online laboratory as an integral requirement of the course. The course is competency-focused and encourages the responsible use of technology and information skills to generate new knowledge.

ENGC 102 Basic English II: Speaking, Reading, and Writing in English

3 Credits

An integrated language arts approach will be used in which the oral and written communication competencies and skills will stem from the reading activities. The focus of this course is to strengthen the basic oral communication, reading comprehension, and writing competencies from an international and local awareness perspective. Students will engage on the refinement of oral communication competencies in verbal and nonverbal interactions to fit the purpose and context of diverse situations. Reading competencies will include comprehension and analysis of fiction and non-fiction texts leading to write from paragraphs to short essays. It is designed to develop the student's ability to communicate effectively in oral and written forms. Students will be assigned additional tasks through an online laboratory as an integral requirement of the course. The course is competency-focused and encourages the responsible use of technology and information skills to generate new knowledge. Prerequisite: ENGC 101

ENGC 246 Conversational English

3 Credits

This course provides intensive speaking and listening practice in everyday situations in order to strengthen and increase fluency and accuracy. Topics of general interest relative to aspects of the process of communicating, such as verbal and nonverbal communication, are discussed. Oral presentations, role-playing, and group discussion are

used. Research activities will be developed through the integration of technology by individual, pair or group work. This course includes laboratory experiences to aid in improving pronunciation.

ETEC 173 Introduction to Early Childhood Education (0-8 years)

3 Credits

The course offers an overview of the field of early childhood education. Aspects such as: history, legislation, public policy, philosophy, curricula and the early childhood profession are analyzed. A proper understanding of the reasons, rationale, importance, and objectives of early childhood education in contemporary society and in the next decades is addressed. Discussion of the early childhood education professionals: characteristics of early childhood educators, alternative careers within the field, learning styles, ethic code and professionalism.

ETEC 201 The Family as Principal Axis of a Community of Learning (0-8 years)

3 Credits

Interdisciplinary study of human development from conception through adolescence. The course integrates the physical, cognitive, socio-emotional and moral dimensions of the individual and their implications for educational practice. It analyzes the development from cases that are contextualized in the sociohistorical, cultural and educational context. The course is developed through case analysis and observations of the developing child.

ETEC 200 Play and Arts as Educational Strategies (0-8 years)

3 Credits

Emphasis in play and arts in early childhood education and the relation with development and appropriated practices of 0-8. Explore and planning in how the content areas support the use of play and the arts as educational strategy included the different theories. Importance of the teacher role as center for the teaching and learning process in early childhood (level 0-8). Use of manipulatives and simulations as part of the assessment process.

ETEC 308 Management of the Early Childhood Education Environment (0-8 years)

3 Credits

Provides a strong foundation and practice about design, management and interpersonal relationship in the learning environment. Interaction between environment and significant learning is addressed. 100 hours of practice in an early childhood education environment required. Prerequisite: ETEC 173, ECEC 171

HEST 104 Human Anatomy and Physiology I

4 Credits

The course offers fundamental concepts of anatomy and human physiology. The relationship between structure, function and its integration within the different systems of the human body are emphasized. Pathological conditions, diagnostic exams and diagnosis and treatment will be discussed. The course covers the basic principles of biochemistry and cellular biology, the circulatory (cardiovascular and lymphatic), respiratory, digestive, immune, reproductive and urinary systems. The course incorporates medical terminology and exams in order to recognize structures, pathologies or illnesses. The responsible use of technology is encouraged. One semester, 3 hours of lecture and 3 hours of Laboratory per week.

HEST 107 Microbiology for Health Professionals

4 Credits

The course provides students with microbiology fundamentals and their relationship to individual health. The course permits the student to develop skills and competencies necessary for effective and safe performance in the clinical-

hospital setting. Through the theoretic component the student familiarizes himself with different groups of microorganisms, paying major attention to those which affect human health. Attention is focused on the basic principles of microbiology such as morphology, physiology, identification and bacterial afflictions, molds, viruses and their relationship to diseases. In addition, infection epidemiology, host defenses and immunological principles and the application of this knowledge in the prevention of disease are developed in this course. The laboratory component provides the student with skills related to aseptic techniques, disinfection, tincture, isolation and culture of microorganisms. Methods of bacterial growth control are also emphasized. One semester, three hours of lecture and 3 hours of laboratory per week.

HMHC 300 Rooms Division Management I

3 Credits

This course presents the functions of the major components of the rooms division within a hotel. The interaction with this division and the other areas of the hotel are explored in relationship to customer service. The course will use the Internet as a research tool, Fidelio software, and e-mail as means of communication and MS Word and Excel for papers and projects.
