

Professional Licensure and Certification Requirements: Sonography Programs

Certain programs offered by Universidad Ana G. Mendez Cupey Campus are designed to meet educational requirements for a professional license or certification that is required by state law for a graduate of the program to obtain employment in a specific occupation. The following disclosures contain information about the states in which our relevant programs are designed to meet the educational requirements for a specific license or certification.

Requirements for professional licensure and certification vary from state to state, and prospective students are responsible for understanding the requirements in the state in which they plan to work after graduation. UAGM does not guarantee that a student will obtain licensure, certification or employment. Please note that the following information relates only to the educational requirements for the licenses and certifications listed below and is specific to the institution/campus listed above. Other requirements and prerequisites may apply to these licenses and certifications, such as requirements that an applicant successfully complete a criminal or other background check.

The **Associate Degree in Health Sciences in Medical Sonography** at UAGM Bayamón is designed to meet the educational requirements to apply for two exams required by the Puerto Rico Health Professional Review Board.

The **Associate Degree in Health Sciences in Vascular Sonography** at UAGM Bayamón is designed to meet the educational requirements to apply for two exams required by the Puerto Rico Health Professional Review Board.

The **Bachelor Degree in Health Sciences in Medical Sonography major in Peripheral-Vascular** at UAGM Bayamón is designed to meet the educational requirements to apply for two exams required by the Puerto Rico Health Professional Review Board.
